Jason Boland & The Stragglers to Headline Fourth in the Falls Freedom Fest Concert

Wichita Falls, Texas – Jason Boland & The Stragglers will be the headliner for this year's FREE concert at the Fourth in the Falls Freedom Fest event! For the past 20 years, Jason Boland & the Stragglers have dazzled audiences all over as one of the leading ambassadors of the Oklahoma and Texas music movement. Millions of fans cheering him on, over 500,000 records sold independently and 10 albums later, Boland is a career musician whose legacy continues to grow.

Opening for Jason Boland & The Stragglers is Blue Water Highway. Blue Water Highway comes from the working class, coastal town background that has informed the work of so many classic American musicians. They take their name from the roadway that links their hometown of Lake Jackson, Texas to Galveston, where the cops, the teachers, and the chemical plant workers travel to work hard and to play hard, blowing off steam, dancing to their favorite bands. Blue Water Highway's music is the soundtrack for their lives.

In addition to the two bands, the 80th Flying Training Wing from Sheppard Air Force Base will conduct a flyover during the national anthem. Sheppard will also have a tent located in the center of the event with an EOD (Explosive Ordnance Disposal) demonstration, photo opportunities, kids' activities and more, as well as personnel from the local Recruiting Office standing by to answer any questions about joining the world's greatest Air Force.

Special thanks to Presenting Sponsors Comanche Red River Hotel & Casino and All American Car Wash!
